"Pupils' spiritual development is outstanding." OFSTED May 2012

“I found the parents evening very informative and gave us a good insight into how our child is progressing.”

“A big change in curriculum means more effort needed by the school teachers and parents at the same time. I must say this challenge has been taken by teachers very confidently. Here I would like to suggest regarding spellings (vocabulary) that has been given to the children on weekly basis, if the teachers tell the meanings of those words regularly in their discussion. In this way you’re going to see a remarkable progress in their vocabulary.

Thanks.”
